Clauses only for sea and inland water transport

T obligation to enter into contract of carriage
Ⓣ liberty to enter into contract of carriage
A obligation to enter into insurance contract

● obligation to arrange for the import custom clearance
○ obligation to arrange for the export custom clearance

Variations – The Rules of “Incoterms 2020” do not provide suggestions regarding the specific formulation of variations on the single Rule used (e.g., if the parties want to modify the Rule FOB by adding the stowage on board); instead, they recommend to make the precise significance of possible variations clear in the contract of sale, by specifying whether the modifications affect only the attribution of charges or even the transfer of risks.
